

## Stockpile Preliminary Update

July 19, 2019

TSX-V PHD

**Providence Gold Mines Inc. (TSX-V: PHD) (“the Company”)** Providence Gold Mines Inc. (TSX-V: PHD) (“the Company”) As reported in our News Release of July 16,2019 is pleased to announce preliminary assay results from the peripheral southeast side of stockpile on its Providence property in the historic Mother Lode Gold District of California, just east of the city of Sonora.

The Company is pleased to announce that the first nine samples sent to Bureau Veritas Laboratory (Sparks, Nevada) are coming back with encouraging results. Ron Coombes states, “We look forward to further evaluating the potential of the numerous stockpiles and exploration targets which the property will yield”.

*We caution the reader that the results are preliminary.*

Our continuous grid line - including auger sampling - is now underway to give us a more detailed representation.
